WE'D LIKE TO HEAR FROM YOU!

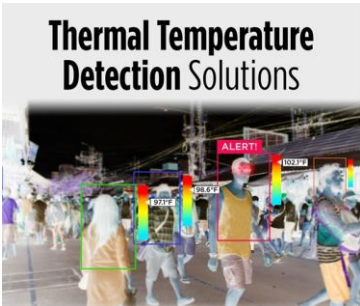

Please find us on Google My Business, and Facebook and leave a racking and lets us know how we are doing.

GSC3570 HD INTERCOM AND FACILITY CONTROL STATION

The GSC3570 is a great intercom and facility control center, designed to provide businesses with a dedicated facility control device to manage facility communications, door access, physical security and more. The device provides a complete solution for easy door control, intercom and paging communication, security camera management and facility-wide communications.

Integration with current safety and security services, and VoIP phone systems is incredibly easier, with pricing that just cannot be beat.

ALIBI Security

THERMAL TEMPERATURE DETECTION

Depending on your needs, Alibi have two thermal temperature detection solutions. Installation is simple with an accuracy to 0.5 degree.

The powerful thermal wrist detection for fast, reliable and accurate temperature detection of individuals in reception areas and entrance lobbies.

The multi-person temperature detection solution is an efficient tool to help higher traffic businesses reopen their doors to the public safely and securely.

THANK YOU AND STAY SAFE!
